

# Aylin

Aylins body was found in her garden, her hair immaculately styled as usual. Her death came as a shock - after all, who would have wanted someone so admired and talented dead? Who - among the many shed helped, the few shed hurt, and all those shed left behind - might have been driven to murder? In the course of Aylins life, she had been many things: a skinny little girl, a young woman blossoming into a beauty, a princess married to a controlling Libyan prince, a broke medical student determined to succeed. Shed been a seductress, a teacher, a renowned psychiatrist, and a Turkish immigrant remarkably at home as an officer in the US Army. Through it all, shed loved, been in love, and pursued truth without surrender. Whatever role shed found herself in, shed committed to it fully and lived it with her heart, mind, and soul. From internationally best-selling Turkish author Ayse Kulin comes Aylin, the story of one womans life as she makes her passionate way toward a strange, sudden end.
