

The Touch (Adversary Cycle/Repairman Jack)

Dr. Alan Bulmer discovers one day that he can cure any illness with the mere touch of his hand, with no rational explanation. Although he tries to hide it, word inevitably leaks out and soon Alans life begins to unravel. Only rich, beautiful, enigmatic Sylvia Nash stands by him, and Ba, her Vietnamese gardener, who witnessed such power in his homeland, where it is called Dat-tay-vao and always comes with a price. Help arrives unexpectedly? Senator James McCready offers the use of his familys medical foundation to investigate Alans power. If it truly exists, he will back Alan with the full weight of the Foundations international reputation. Alan accepts McCreadys offer. But he has only begun to pay.
