

## Frostbite (Urban Renaissance)

The oh so cold Prince of Lies from Eric's critically acclaimed *Crushed Ice* returns. His real name is Truth, but most don't call him that. He's a man...a ghost...a figment that the lucky ones don't even know exists. And who you really don't want to know. But sometimes the past can come back to bite even the most prepared. Now, the man who is paid to destroy people's lives, finds himself suddenly having to save one. ...And those who stand in his way better look out. Take a journey into a world of deception, lies and intrigue courtesy of author Eric Pete...if you dare.
