

How to Draw Superpowered Villians

Got the itch to conquer the comics world with your depictions of villains, fiends, mad scientists and more? Out for vengeance against those who dare claim you couldn't draw a super-villain if you were being held at laser-point? Well, you'll show them! Ben Dunn (Marvel Mangaverse, DC, Image) and his partners in crime show you how to take the comics world by storm with a slew of schemes—that is, lessons on the basics and intricacies of bringing out the best (worst?) in your bad guy
