

Solaris

Despite two films made with panache Solaris remains a book constantly rediscovered by new generations of readers. The moving story of contact with alien intelligence serves as a canvas for discussion of our minds limitations and the nature of human cognition. A love story for some readers, a philosophical treatise for others; Lems inspiring masterpiece defies unambiguous interpretations. A brilliant mind with a hearty appetite for science, philosophy and literature. (The New York Times Book Review) The novel has been translated into over forty languages and sold several million copies. This is the first English translation directly from the original.

Solaris is a variety of grape used for white wine. It was created in 1975 at the grape breeding institute in Freiburg, Germany by Norbert Becker. when all our favourite books are keeping each other company on various awards lists and were so glad to see the Solaris and Abaddon titles in the mix!
