Some of the monsters are human, some are not-- but all of them embody, in one way or another, the fears common to us in our dreams. We call these monsters by many names-- ghosts, vampires, extraterrestrials, changelings. But we recognize them for what they are; manifestations of the secret dreads and desires which lurk beneath the surface of consciousness. Bloch has become a virtual fixture on the popular culture landscape. --Publishers Weekly If you're not familiar with Bloch's short fiction, find someone to borrow this from; if you already are familiar, you know that you want to own these volumes. --Locus
