

Sands of Sakkara

To save the Western Allies, he must kill the woman he loves... November 1943: Adolf Hitler sanctioned his most audacious mission ever--to kill US President Franklin D. Roosevelt and Prime Minister Winston Churchill as they visit Cairo for a secret conference to plan the Allied invasion of Europe, an invasion which threatens imminent defeat for Germany. This really happened and is the basis for Glenn Meades spectacular new novel. Only one man is capable of leading the defiant Nazi mission--Major Johann Halder, one of the Abwehrs most brilliant, daring agents, a man with a tortured soul and a talent for the impossible. Accompanied by an expert undercover team, and a young and beautiful Egyptologist, Rachael Stern, Halder must race against time across a hostile desert, to reach Cairo and successfully carry out the assignment, or forfeit his own life and that of his young son. When US military intelligence learns of the plan, they assign one of their best officers, Lieutenant-Colonel Harry Weaver, to hunt down and eliminate Halder and his team. But for Weaver, as for Johann Halder and Rachael Stern, theres more than just the balance of war and the lives of the Allied leaders at stake--a pact of love and friendship is about to be tested in a frantic, high-stakes chase to the death. Glenn Meades long-awaited new novel Sands of Sakkara is a breathless, suspenseful thriller with one of the most remarkable chases in recent memory. It is a heart-wrenching tale of friendship, love and treachery set against the exotic and intriguing backdrop of wartime Egypt.
